"The Democratic party is not quite dead," says the Hon. William J. Bryan. This shows that he is still feeling the party pulse to see if it is good for one more kick against whatever the Republican party undertakes to do.

Judging from the synopsis of the Treaty of Portsmouth sent to the press Tuesday night, we don't know much more about it than we know about what Witte said to Komura when they went into executive session after they signed the document.

President Diaz, of Mexico, has accumulated a fortune of only $1,000,000 during his presidential terms covering a period of 25 years. That is evidence that he would have had better opportunities as a government crop statistician at Washington.

The anti-divorce conference is soon to be held. Of course no opposition delegates need apply for admittance, as the principal business will be to restore to the marriage contact the till-death-do-us-part clause. They won't even entertain a proposition for indemnity.

In Philadelphia on Tuesday a crank picked up a brick and for some imaginary grievance hit the United States mint. He was caught but those on the inside who hit the mint in a different way will never get caught till it is annexed to the Southern Cotton Growers' Association.

The Philadelphia Telegraph shed tears the other day because "both the white and black men of the south are lazy." Right in the midst of those lachrymations, the government statistics shows that the lazy Southerners added $1,000,000,000 to their wealth the past four years.

Scientist Salmon, of the Agricultural Department, was exonerated of charges a few days ago but next thing we hear is that President Roosevelt examined the record and calls for Salmon to walk the plank. What did we tell you about those Washington official certificates of character!

It turns out that the recent assault of ex-Mayor McCown, of Durham, upon Judge Ward, had a parallel at Winston-Salem just after the Civil War. The late Captain J. W. Goslen was fined $10 by Judge Cloud, a reconstruction judge, and Goslin became so incensed that he broke a cane over his honor's head.

LOCAL DOTS.

—Mr. G. W. M. Ahrens went out for a duck hunt on the river yesterday. By no[w] he had returned to his home in t[own] with 25 fine Summer duck.

—S[chr] S. M. Byrd, having completed [load]ing cargo of salt and cement, [was] cleared yesterday by Capt. C. [Pi]ttt for Key West, via Savannah.

—Two So[uth] Carolina excursions will be here [on] —one from Hartsville and the o[ther] from Darlington. Both will come via [Flo]rence and return same day.

—Mr. Frank Greer, one of Southport's popular young men, was married Wednesday night in Clinton and arrived in Wilmington yesterday morning with his bride. The happy couple left for home on the steamer Sea Gate.

—During the absence of Transportation Superintendent John J. Sheehan, in New York, Mr. E. R. McGowan, the assistant superintendent, and Capt. W. F. Corbett have charge of the dispatch of the city and suburban cars of the Consolidated Company.

—Col. A. M. Waddell, of Wilmington, will be the orator of the day at the unveiling of the Confederate monument, at Winston-Salem, October 3rd. Governor Glenn and probably other prominent speakers are expected to make addresses on the same occasion.

—A case of forgery and a charge of peddling without license against Mr. Ben Lane, of this city, were dismissed by Justice of the Peace Furlong yesterday, the evidence having been insufficient. The charge was preferred by a lady at Delgado with whom Mr. Lane had some business dealings of an unsatisfactory nature.

—By deeds filed for record yesterday: M. S. Willard and wife transferred to Edward F. Johnson, for $660, 83. property on north side of Church's alley, between Front and Second streets, 33x75 feet in size, and James McNeil transferred to Mrs. Otto Banck, for $500, property on north side of Brunswick, 192 feet east of Seventh street, 35x132 feet in size.

AN ANTE-BELLUM DARKEY.

"Orders of His Missus" Must Be Obeyed—Iceman.

An amusing trial and the only one in the police court yesterday was that of Henry Pigford, an old darkey of the ante-bellum period, charged with assaulting a young negro employed on an ice delivery wagon. "Uncle" Henry is a "chief dignitary" around the home of Col. Thomas Evans, nearly opposite the City Hall, on Third street. Mrs. Evans told "Uncle" Henry a day or two ago that the colored iceman had been in the habit of coming up the front way to make the usual delivery and she wanted him hereafter to take the block and receive the ice ticket around at the back door. "Uncle" Henry urbanely bowed his understanding to his "missus" and all was serene until the iceman came around Wednesday afternoon as usual and started right in at the front gate. "Uncle" Henry met him and being deaf and half-witted, the iceman could not explain before the old-time darkey had pasted him once or twice in the face and had started out with him.

"The orders of de missus is boun' to be carried out, co't or no co't," he disrespectfully but honestly declared to the Mayor when arraigned yesterday. "Uncle" Henry was dicharged, of course. The entry was "on account of his mental condition."

"THE GREAT EASTERN BAND."

New Musical Organization Formed Last Night—The Members.

The "Great Eastern Band" was organized last night at the office of Messrs. Cowan & Fettel, on Third street, by a number of prominent local musicians, many of whom were formerly identified with the Haymakers' Band. The new organization will teach prospective members on any instrument they desire to learn and will have in the near future a first class band in every respect.

The band is organized as follows: J. T. Martin, director and cornetist; W. L. West, manager and baritone; Fred Dock, secretary and treasurer and trombonist; T. K. Curtis, cornet; H. R. Smith, cornet; E. C. Bagwell, cornet; Alvah Standland, cornet; Phillip Ashenback, clarinet; Henry Wrede, clarinet; W. Scott Decker, saxophone; Eugene Sellars, Preston Sellars and Julius P. Taylor, altos; R. H. Morriss and D. N. Chadwick, trombonists; J. M. Culbreth, baritone; C. E. Sellars and J. A. Fettel, basses; W. L. Burkheimer and Jno. T. Yates, drums; W. B. Savage, cymbals.

Married Last Night.

Last night at 7:30 o'clock at the home of the bride's mother, Thirteenth and Marsteller streets, Justice G. W. Bornemann united in marriage Miss Caledonia Roderick, a daughter of the late James E. Roderick, and Mr. H. T. Blake, a son of Mr. J. W. Blake, of Folkstone, N. C. The ceremony was witnessed by a number of the young friends of the couple.

Carolina Savings & Trust.

A special meeting of the stockholders of the Carolina Savings and Trust Company was held yesterday. It was decided to postpone the election of the four additional directors until later. At the meeting yesterday the constitution and by-laws of the new institution were adopted. The bank is now well organized and doing a very encouraging business.

CALL CAME QUICKLY

Sudden Death of Mr. Joseph H. Hanby Occurred Early This Morning

ATTACK ON FRONT PORCH

Recently Returned from Mountain Trip and Seemed Much Improved—Highly Esteemed and Beloved in the Community.

Mr. Joseph H. Hanby, one of Wilmington's best known and most highly esteemed citizens, died this morning at 12:30 o'clock at the home of his son, Mr. John R. Hanby, No. 405 Dock street, following an acute attack of heart trouble suffered about 9 o'clock last night while he was seated on the front porch of the residence, laughing and talking with members of the family, apparently in the best of spirits, and in the enjoyment of much improved health. The news of the death will carry sorrow to the hearts of very many friends in this city and elsewhere.

Mr. Hanby's health had been very poor for some time, neccssitating his retirement from business last February. He went to the mountains of Western North Carolina with the hope that the change of climate would do him good and had returned to his home here only a few days ago, feeling greatly improved and very hopeful. The attack last night was very sudden and Dr. F. H. Russell, his physician, was quickly summoned. In spite of everything that could be done for the stricken man, he died three hours and a half later.

Mr. Hanby was born in Berkley, Va., Nov. 25th, 1843, and was, therefore, in the 62nd year of his age. He had lived in Wilmington nearly all his life and for some years conducted a family grocery store on upper Dock street. He was a man of sterling character, a true Christian, honorable in all his dealings with his fellow man. For 25 years he had been a member of the First Baptist church and was one of the mainstays of that congregation. He will be missed by a large number of people who were recipients of his sympathy and charity, for he was bighearted and generous to a fault. Mr. Hanby was a veteran member of Stonewall Lodge No. 1, Knights of Pythias and of Cape Fear Camp United Confederate Veterans.

Mr. Hanby is survived by his wife and two sons, the last named being Mr. John R. Hanby, of this city, and Dr. Joseph D. Hanby, of Paris, Tex. The funeral arrangements will not be made until Dr. Hanby can be communicated with in his far Western home.

WILMINGTON'S QUARANTINE.

Three Travellers Detained Yesterday, One for 15 Days.

Wilmington's quarantine against yellow jack continues to be rigidly enforced and from the number of detentions daily until the proper credentials are presented, the guards seem to be doing their full duty. Yesterday two travellers were detained at Hilton bridge until they had properly equipped themselves with satisfactory papers showing their itinerary.

Mr. O. H. Shoemaker, a manager for Kress & Co., on his way from Montgomery, Ala., via Asheville, was stopped at Maxton by the guard yesterday and upon advices from Chief Quarantine Officer Green here, the guard was told that Mr. Shoemaker would not be permitted to come to the city under 15 days. It is not the purpose of the authorities to work any hardship upon travellers to the city but at the same time they feel that the public health must be protected and are in no position to show favors in cases of doubt.

THE RALLY AT MAXTON.

Programme Announced For Big Meeting There Saturday.

Special Star Correspondence.

Maxton, N. C., Sept 7—The programme for the rally of Southern Cotton Growers' and Business Men's Association at Maxton Saturday has been announced. At 10:30 A. M., a procession will form in front of the Maple Shade Inn, headed by a brass band and proceed thence to Patterson's Park, preceded by the Chief Marshal and his assistants.

The address by Hon. Harvie Jordan, president of the Southern Cotton Growers' and Business Men's Association, will take place at 11 A. M., followed by music by the band and an address at 12:30 P. M., by Hon. E. D. Smith, president of the South Carolina Association. A big dinner and barbecue will be served at 2 P. M. and in the afternoon at 3:30 P. M. another address will be made by Col. Jno. S. Cunningham, president of the North Carolina Association. A large crowd is expected from this and adjoining counties.

The Kalamazoo Case.

Sheriff Shean and Mrs. VanNoppen, who came to Wilmington to identify parties here for the Kalamazoo, Mich., authorities, returned yesterday, evening to their home, the identification of Mr. C. J. Cooley and wife as the parties wanted having failed. It is stated that Mr. Cooley has consulted Herbert McClammy, Esq., with a view of instituting an action against the county of Kalamazoo, Mich., for their alleged unlawful detention here.

THE NEGRO DEMONSTRATION

All Quiet in Troublesome District Last Night—As to Management of Affair and Race Feeling.

The police apprehend no further trouble as the result of the demonstration by negroes in the vicinity of Fifth and Harnett streets Tuesday night. The extra number of policemen assigned to that district was reduced to only three last night and it is expected that by to-day all necessity for precaution will have passed. The guns and ammunition provided at the City Hall Wednesday night in case of an emergency were still there last night, but the police expected and had no use for them. The officers in the district reported to headquarters this morning that everything in "Brooklyn" was as "quiet as a lamb;" even more so than ordinary.

There was a disposition on the part of some yesterday to believe the reports of the affair exaggerated, but those who were present Tuesday night when the first excitement was precipitated, saw the chief dash up to the City Hall in his buggy with the young man in mortal terror of his life and who accompanied the score of police who rushed over with riot guns and pistols to the scene, take no stock in this talk of exaggeration. The affair was pretty serious and the situation has been handled exceedingly well.

There are some who are disposed to criticise the action of Chief Williams in not stopping his horse and firing into the negroes who halted him, but as was stated in the first accounts of the affair in these columns, the chief was not armed for such an emergency. He had only a pistol and was responsible for the life or serious injury of a young man in the buggy beside him. He lost no time, however, in returning to the scene when he was prepared for the emergency and to guarantee safety to young Rivenbark, the object of the wrath of the blacks. The white feather was shown nowhere in the exciting events of that night.

It should be said here also, now that the trouble is over, that the demonstration was not countenaced by the best class of Wilmington's colored citizens. A representative of the better class of the negro race came to the Star office yesterday to say that the best class of his people stood ready and willing even now to proceed upon any clue that would be furnished them to assist in every way possible the bringing of the guilty parties to justice. The statement was sincere and it may be put down as a fact that the responsible colored men of the community are for peace and are opposed to strife. That they painfully regret the unfortunate affair of Tuesday night is plain from talks with leading members of the race since the trouble. But the police have the matter well in hand and are giving no heed to the wild reports that are brought to them of threatened summary vengeance either by one side or the other.

ALDERMEN GET THEIR PAY.

Pay Roll Was Signed Yesterday for the First Time.

If any Alderman has not received his pay for the first three months of the present administration, twenty-five dollars in crisp bank notes awaits him at the office of City Clerk and Treasurer John J. Fowler. The only condition to his receiving this sum, is that he sign the pay roll, smile at the genial officer behind the desk and make no comment about his compunctions of conscience at receiving the money

The amount in waiting represents the first three months salary of $100 per year for an Alderman, according to the law passed by the recent Legislature and very properly so. Only three members of the Board received their pay yesterday, though the Mayor announced to members of the Board at the meeting Tuesday that the pay roll had been made up and that they could drop around Thursday and get their money. The first to sign the pay roll and get the "stuff" were Aldermen P. Q. Moore, W. W. King and Martin O'Brien. The others are expected to call to-day and receive the amounts enveloped for them.

PEMBROKE JONES BALL.

Function in Honor of Miss Jones at Newport.

The New-Yorker, a society paper of the metropolis prints the following:

"The Pembroke Jones ball for pretty Miss Sadie, the bud, was a superb affair—as superb as a ball can be in Newport and that is saying everything. Fortunately it was arranged for an indoor affair, as the night was dismal and rainy, but the whole house and temporary ballroom had the appearance of an Italian garden. A fountain, statues in the niches, a marquee, trees, seats and beds of flowers carried out every detail and it required no effort of the imagination to believe oneself in the garden of some old Roman palace. The bud for whom so much splendor was planned was in liveliest spirits and, always pretty, looked her prettiest. Her eyes shone, her cheecks glowed and her teeth gleamed between parted rosy lips. She danced charmingly and in the cotillion when she led with 'Lisha Dyer, Jr., she was a partner worth having. Mrs. "Pem," her mother, was also in splendid spirits and wos on the floor quite as much as the bud. Southern hospitality mixed with the luxury of Newport made an entertainment worth mentioning and the Pembroke Jones ball will not be forgotten in a hurry."

Latta Railroad Case.

Assistant Attorney General W. H. Townsend, of the State of South Carolina, arrived last night from Columbia with Messrs. Henry Mullins, J. M. Johnson and F. F. Covington, of Marion, to attend a hearing to-day in the celebrated Latta case, which involves the stopping of the fast trains of the Atlantic Coast Line at Latta, S. C., Mr. P. A. Willcox, of Florence, leading counsel for the A. C. L. in the case, spent yesterday in the city in conference with Superintendent A. J. Anderson. The Latta case is well remembered here and is now up for final settlement.

COUNTY'S FINANCES

Auditing Committee of Board of Commissioners In Session Yesterday Afternoon

THE PERMANENT ROAD FUND

Transfer from General Account Necessary for Continuing Highway Improvements Until Bonds Are Sold.

The Auditing Committee of the Board of County Commissioners, Chairman McEachern and Mr. Robertson being present, was in session yesterday afternoon. The business of chief interest transacted was an examination and approval of the regular monthly report of County Treasurer H. McL. Green, showing receipts and disbursements from the several funds during August.

As will be seen from the report, on the first day of September there was a balance of only $1.85 to the credit of the Permanent Road Fund, the first issue of $50,000 bonds for the improvement of the public highways of the county and one or two transfers from the general fund having been exhausted in that work. With the sale of the additional $50,000 bonds for continuing the improvement deferred, there was no alternative for the Commissioners than to make a further transfer from the general fund, which was done at the regular monthly meeting of the Board Monday. The permanent road work will now go on out of this transfer fund until the new bonds are sold.

Elsewhere in to-day's paper will be found an official notice from Chairman McEachern stating that all previous bids for the new issue of $50,000, four per cent., 25-year road bonds have been rejected and that further proposals will be received until Sept. 13.

The treasurer's report showed receipts and disbursement for the month of August as follows:

SAYS NEGROES WERE UGLY.

Young Railroad Employe Cursed and Aubused by Blacks.

Mr. Sam Ballinger, a young man employed by the North Carolina Car Service Association, reports an unpleasant brush with 12 or 15 negro loafers collected yesterday afternoon about 4 o'clock on Ninth street, near the old Union depot. Mr. Ballinger said he was running to catch a passing train in order to get a record of some cars and that in doing so one of the negroes pushed another against him. Then he turned to them and asked what they meant. The inquiry was met with insolent response and later the negroes began to curse and vilify the young man who was helpless to defend himself. He says the conduct of the colored idlers was outrageous.

Commendable Act by Elks.

The Elks' Cottage Club, which occupied the Bear cottage, on Wrightsville Beach, the past Summer, have kindly turned the property over to Rev. Dr. James Carmichael for the remainder of the season to be used as a place for convalescents and others among the less fortunate in the community, who may be in need of an outing at the seaside. The act upon the part of the Elks' Committee is commendable and it is to be hoped that the cottage will be of benefit to as large number as possible.

Regatta This Afternoon.

Under the auspices of the Reatta Committee the fleet of the Carolina Yacht Club will sail another race, and possibly the last for this season, over the club course in Banks' Channel this afternoon at 3:30 o'clock. The entries will be the same as for the last regatta with the exception of the Buttinski. A large number of club members and their lady friends will, no doubt, be attracted to the beach by the race this afternoon.

Cars By Charter.

The Consolidated Company announces that until further notice cars will be chartered for the evening to dancing or other parties at the rate of $10 each, going to the beach and returning at the pleasure of the guests. At Lumina there is an elegant dance floor and a good orchestra, which are provided free of costs, and dancing parties are expected to be made up quite frequently.

McGEACHY-MABRY.

Popular Young Wilmingtonian Claims Bride in Ridgeway, N. C.

(Special to News-Observer.)

Ridgeway, N. C., September 6.—The Methodist church here to-day was the scene of a most beautiful marriage, the contracting parties being Mr. John Alexander McGeachy, a prominent business man of Wilmington, and Miss Helen Eugenia Mabry, the lovely and accomplished daughter of Mr. R. C. Mabry, of Ridgeway. The ceremony was pronounced at 12:45 P. M., the bridal party entering as follows, the ushers leading, Messrs. Buxton Williams and Weldon Hawkins; Miss Margaret McGeachy with Prof. William Graham; the maid of honor, Miss Asia Collins, of Ridgeway, with Mr. Richard McGeachy, best man. The bride entered on the arm of her brother, Mr. W. C. Mabry, who gave the bride away.

The bride was hansomely gowned in a lovely creation of white crepe de chine over white taffeta and carried white bride's roses. The bridesmaids wore white organdie and carried white carnations. The gentlemen wore the conventional black. The impressive souvenir ceremony with ring was used. Rev. J. O. Atkinson, editor of the Christian Sun, Elon College, officiated. An array of elegant and costly presents, cut glass, gold and silverware etc., attest the very high esteem in which the popular pair are held.

The bride is one of Warren county's most beautiful and accomplished young women and the groom is held in high and popular esteem in Wilmington business and social circles.

The happy couple left on the Seaboard train for a trip of several weeks to the "Land of the Sky" and "Sapphire Country" of North Carolina amid the heartiest good wishes and congratulations of their great host of friends.

The church was beautifully decorated, the golden rod, evergreen and potted plants and lighted up with dozens of brilliant candles, shedding a mellow glow of soft light over the happy scene.

Miss Virginia Graham, of Warrenton, presided at the organ, rendering with delicate touch "Hearts and Flowers" and Mendelssohn's wedding march.

A host of friends wish for the popular couple a long and joyous married life.

WILMINGTON, N. C.

Friday Morning, Sept. 8.

GOVERNOR GLENN STANDS FIRM.

Our esteemed contemporary, the Charlotte Chronicle, says:

"By permitting three men to be hanged recently in the face of determined efforts on the part of counsel and friends to save their lives, Governor Glenn has added an undeniable dignity to the law of the land and the sacredness of a human life. All three were tried in the courts, found guilty of the crimes with which they were charged, and received a just sentence from the judge. And yet in the face of this result for which public laws are created, appeals were made to the Chief Executive of the State to commute the sentence and save the necks of these three criminals, thus undoing the work of the courts. North Carolina's Governor is worthy of praise for his masterly stand against the pleas of a sympathetic but indiscreet public."

Governor Glenn, as everybody knew he would, is making North Carolina a capital governor, and we are not surprised to see him firm enough to let capital punishment he inflicted after he has judicially examined into the merits of the numerous cases brought before him for executive clemency. Of course, there are cases that ought to be appealed to the governor and no one will have the heart to deny any culprit the right to a last resort to executive mercy, but the most satisfactory part of it is that the people of North Carolina have a man for governor who will carefully and thoroughly examine cases appealed to him and conscientiously decide in each case in accordance with his duty to his fellow man and his State.

The fact that Governor Glenn can be depended on to do justice and stand firmly by his duty, ought to make judges and juries careful in their judgment and verdicts and not throw the responsibility on the governor, as sometimes appears to be the case.

CONGRESSMAN POU TALKS.

Congressman James H. Pou was in Washington the other day and among other things said this to the correspondent of the Charlotte Observer:

"Mark this prediction. If President Roosevelt ever secures the enactment into law of the reforms demanded in his public utterances he must secure the same through some other agency than the Republican party as it is now constituted. If there is a proposition which can be established to the satisfaction of all fair-minded men it is that the trusts contribute large sums of money to insure Republican success. Is it not natural therefore for them to expect protection when that party is in power? The Democratic party ought not to forever remain in the minority. Its principles are right and just; and it is clear that a majority of the voters of this country do not approve of Republican principles."

Mr. Pou has our unreserved concurrence in his statement that President Roosevelt's so-called reforms will get the cold shoulder from the Republican party. However, when Mr. Pou tells us that "it is clear that a majority of the voters of this country do not approve of Republican principles," we are bound to admit that theyv'e got a mighty poor way of showing it every four years when they help the Republican Presidental nominee snow us under or bury us under a landslide.

"The Democratic party ought not to forever remain in the minority," says Mr. Pou. Will, now, here's to you on that.

FAYETTEVILLE'S INSURANCE COMPANY.

At Fayetteville on Tuesday the Southern Life Insurance Company was organized with a capital of $100,000, which we learn was largely over-subscribed. The enterprise has been set on foot by some of the most successful business men of the upper Cape Fear country and it is stated that the men who attended the meeting to organize the company represented capital of over $2,000,000.

Not alone were Fayetteville's monied men and leading citizens there but they had invited business men from surrounding towns and counties to join them. This was a capital idea, for it will interest the numerous neighboring localities in the success of the company. It will mean that much of the money which North Carolina merchants, business men and residents have been sending out of the State will remain at home to build up the State.

If there were many more such companies throughout North Carolina there would not be so much out-go of North Carolina money. When we keep our money at home it increases our ability to develop our resources. When we send it away from home it builds up some other locality.

AMERICAN-LIKE.

President Roosevelt, without holding up his hand and shaking his head, has been receiving all the credit of conceiving, originating, persisting in and securing peace between Russia and Japan. We were about to join in and shout banzai, hurrah, and also "bully," but now the New York Sun comes and says the peace convention was a suggestion which the Sun urged upon the President with so much earnestness and force that he acted upon it. However, if the Sun had not claimed the credit some other American newspaper would have done so, or some private citizen would have confidentially been whispering it around that he had privately suggested it to the President and was very much gratified that he had carried out the suggestion.

CURRENT COMMENT.

—James Duke, the tobacco king, is suing his wife for a divorce, and one cannot help thinking that if James had consistently chewed tobacco instead of the rag, all might have been well.—Philadelphia Telegraph.

—Colonel Watterson says that no first-class man can afford to go to Congress for $5,000, though a great many—possibly not of that class—pay much more to get there. The late Simon Cameron had a wider view. He was accustomed to say that there were only two kinds of men who could afford to be in politics; those who needed the money and those who didn't. It was the indorsement of that view that brought pretty nearly every Pennsylvanian into politics.—Philadelphia Press.

—Curtin was only forty-four years of age when he was inaugurated as Governor of Pennsylvania, Jauary 15, 1861, and only fifty upon his retirement from that office six years later. * * * Next to General Sherman, Governor Curtin probably more nearly appreciated the magnitude of the War of the Rebellion at the outset. This foresight led to the enlistment of the famous Pennsylvania Reserve Corps, which in a critical juncture furnished a fresh body of troops to retrieve the disastrous defeat at Bull Run.—Philadelphia Telegraph.

—It is interesting to know that the very day the treaty of peace between Russia and Japan was signed was the one hundred and first anniversary of the birth of Gov. W. A. Graham, of this State. Historians will recall that Governor Graham, who was secretary of the navy under President Filmore, was instrumental in effecting a treaty with Japan. He arranged for Commodore Matthew C. Perry to go with a fleet to Japan and persuade the nation to open her ports to American ships. That was 1852, and at that time no Christian nation, except the Dutch, was allowed to trade with Japan and even the Dutch were not permitted to dwell in that country. Had Governor Graham lived until last Tuesday he would have been 101 years old.—Charlotte Observer.

TWINKLINGS.

—He—I know I'm not worthy of you. She—Of course not, but let's get to business. How much are you worth?—Illustrated Bits.

—"De man dat stahts in to drown his sorrows," said Uncle Eben, "ginerally throws 'em a life preserver an' goes under hisse'f."—Washington Star.

—Parson Primroes—Are you sorry you went in the pantry and stole the cake? Freddie—Sure, I am. Ma said she'd have given it to me, anyhow.—Judge.

—Marian—Charlie says I grow more beautiful every time he sees me, Maude—If that's the case you ought to make him call twice a day.—New Yorker.

—"What was your greatest trial, Judge?" asked the young lawyer. "Getting my seven daughters married off," replied the much-tried one.—Philadelphia Inquirer.

—"Alas!" sobbed King Arthur, "Sir Calabad is dead." "Nay," remarked the court jester; "say rather that he is simply 'enjoying a good knight's rest.'"—Philadelphia Press.

—"Poetry," said the editor, "is a drug on the market." "Oh, indeed!" exclaimed the poet, hopefully. "Am I to infer that you pay drug store prices for it?"—Catholic Standard.

—Franklin—"I thought you told me that Smith was on the water wagon." Penn—"So he is, but the Drivers' Union won't let him work more than ten hours a day."—Philadelphia Telegraph.

—"You can't make a silk purse out of a sow's ear," said her father sagely. "And who wants to, pray?" retorted Miss De Style. "All effects are to be in leather this year."—Philadelphia Bulletin.

—Teacher—Now, Tommy, if your father had twenty dozen eggs in his store and found that eighteen of them were bad, how much would he lose? Tommy—Nothin'. I guess you don't know pa.—Cleveland Leader.

—He—I am afraid your new friends are hardly desirable people for us to know, She—Why, they seem to have plenty of money. He—Yes; but they don't seem to be able to remember how they get it.—Pittsburg Post.

—"Good gracious! these fat men will be the ruin of me," exclaimed the automatic scales; "that last one simply put me on the bum." "Well," replied the chewing-gum machine, "now you can lie in weight for the next one."—Philadelphia Press.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE COTTON MARKET.

New York, Sept. 7.—The cotton market was nervous and irregular all day; an early decline to a new low level for the movement being followed by a slight recovery, quiet and a steady close at a net decline of 7 to 10 points. Sales were estimated at 300,000 bales. The opening was easy at a decline of 4 to 10 points under liquidation and local bear pressure inspired by lower cables and the outlook for big receipts. There was considerable covering and prices immediately following the call rallied to within 2 or 3 points of last night's prices. But there were reports that local spot people had been able to buy supplies in the South low enough to enable profitable deliveries on October contracts, the annual report of a leading trade authority was given a bearish interpretation both as to statistics and crop prospects and the market soon broke under more active pressure to a net decline of 12 to 13 points. Around 10.32 for October and 10.47 for January, offerings were partially withdrawn and the market later yielded slightly on shorts and a little buying that looked to be for fresh long account. Reports from Asheville stated that the convention of growers estimate the average condition of the crop at 73.3 per cent. which on the acreage allowed pointed to a yield of 9,588,133 bales but this had little influence on the market.

Spot closed quiet 5 points lower; middling uplands, 10.70; middling gulf, 10.95; sales 60 bales.

INHABITANTS MASSACRED.

Terrible State of Affairs in Russian Cancasus—Troops Powerless.

St. Petersburg, Sept. 7.—2:50 A. M.—The news from Baku received up to the time of the filing of this dispatch is of the gloomiest character. The Armenian and Tartar warring factions now appear to be entirely beyond control. The streets of Baku sem to be unsafe for the inhabitants and the force of troops to be inadequate to restrain the anarchical tendencies of the combatants in the surrounding region. According to reliable reports the troops have been forced to withdraw from the suburbs of Balhaken where on Tuesday the rioters set fire to the oil works and that place is now in the hands of the Tartars who have completed the work of destruction and who it is said massacred the inhabitants who did not accompany the troops in their retirement. Telephonic and railroad communications between Baku and the suburban oil centers is cut and late last night it was reported that the wire into Baku were down.

The viceroy of the Caucasus has dispatched re-enforcements of troops from Tiflis, but owing to the conditions throughout the whole of the southwestern Caucasus it is thought that even with these reinforcements the troops will be inadequate to deal with the situation. In the suburban region the fight is desperate and the soldiers are using artillery.

Representatives of the oil industry here are utterly despondent and they declare that on the basis of the telegrams so far received more than half of the industry in the Baku region has been wiped out and that the fire is making rapid inroads into the remainder of the oil territory.

A press dispatch from Baku approved by the censor, says:

"The rival factions are concentrating in their own quarters here. The situation is exceedingly tense. Murders are frequent. Cannonading is heard from time to time. In the Moslem quarter the patrols have been fired upon.

Balakhan is on fire and the Armenians are surrounded by armed villagers, 'apparently Tartars' and the cannonading there is unceasing."

The fire continues in the "black town" quarter and in Bibiebat. Energetic measures and heavy reinforcements of troops are necessary.

Other advices staates that hot fight is going on between Armenians and Tartars at Bibiebat and that great fires are still raging at Sabunto and Nomani, fed by immense tanks of naptha, of which, there are 1,600 in that region, and that the confragration at Baku, where up to last evening the tanks of society of Baku were intact, is steadily increasing. Under these conditions with fighting going on in the street, and with a hurricane blowing the advices say, it will be almost impossible to extinguish the fires.

Professor A. Ono, jiu jitsu wrestler of Japan and instructor of the art at the annapolis Naval Academy, and Charles Olson, champion wrestler of Illinois, have signed articles for a mixed wrestling match in Asheville, September 15th. Ono weighs 205 pounds, Olson 170.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." R. R. Bellamy, druggist, sells and guarantees them, at 50c a bottle. **

Attacked by a Mob

and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve, and was soon sound and well. "I use it in my family," writes G. J. Welch, of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at R. R. Bellamy's drug store. **

IT DRAWS HARD

On a woman's vitality to do work for which she is unfitted, and we wonder how some of the women of our land live through a single season of pleasure or dissipation.

They will say with tears in their eyes, when they mention the subject at all, "*it is a hard pull*," that with pain, weakness and weariness they are "almost dragged out." Many, in this condition, resort to alcoholic stimulants and "invigorants," the after effects of which are very injurious.

Dr. R. V. Pierce, forty years, ago found that women were being mistreated through ignorance or carelessness and determined to devote his life and energies to their relief.

Having found the cause of their suffering, *he next sought for the means of relief*, and found in *Nature's laboratory*—the earth, certain roots which had remarkable and valuable medicinal virtues for the cure of these ailments.

Using chemically pure glycerine, of proper strength instead of alcohol, he prepared extracts of these, and the result was so satisfactory that the combination became his "Favorite Prescription." The roots used are: Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root and Golden Seal root. The world knows it as DR. PIERCE'S FAVORITE PRESCRIPTION, which has the wonderful and unparalled record of a half-million of cures in the last forty years.

Write to Dr. Pierce, Buffalo, N. Y., for advice, given without charge.

"I am glad to be able to testify as to the merits of Dr. Pierce's Favorite Prescription for the many ills that women suffer with," writes Miss Gertrude Mitchell (President Young Ladies' Christian Endeavor Society), 43 Columbia Street, E. Detroit, Mich. "After many years of suffering and pain, I took your medicine, and in a short time began to feel stronger, became more regular and didn't have the bearing-down pains which had been my lot for so long. Shall never cease to be very grateful that it was brought to my notice. I have no pains, and feel much stronger generally."

Dr. Pierce's Pellets cleanse the clogged system from accumulated impurities.

SPIRITS TURPENTINE.

—Black Creek Presbyterian church, near Mooresville, Mecklenburg county, celebrated its centennial September 5th.

—Elizabeth City is to have another local option election Monday. October 9th, is the day set, the issue being "for saloons" or "against saloons."

—The first series of the Cross Creek Building & Loan Association, of Fayetteville, has been closed with gratifying results. about 1,000 shares having been taken.

—Dr. B. F. Dixon is now in Columbus county filling several appointments for Superintendent Joyner. He will make a number of speeches before returning, speaking last at Dunn, in Harnett county, on the 8th.

—Fayetteville Observer, September 6th: Dan Chatham and Neill Jasper Jones, charged with rocking a train on the Aberdeen & Rockfish railroad, were brought here from Raeford today and lodged in jail to await trial.

—An unusual freak of lightning is reported from Kimeville, 18 miles southeast of Greensboro, where, last Saturday afternoon, a 200-pound hog was killed by a bolt of lightning, which broke every bone in its body, yet not marking the skin.

—The James Sprunt Institute opened Tuesday under most flattering auspices, and this bids fair to be its finest and best year's session yet. The accomplished and competent faculty are in their places and everything will move smoothly off.

—Prof. T. Gilbert Pearson, of Greensboro, secretary of the North Carolina Audubon Society, went to Macon, Ga., Tuesday night to deliver an address at the annual meeting of the Georgia State Horticultural Society on the subject, "The Value of Birds to the Fruit Grower."

—Mr. W. J. Marles, a postoffice inspector, has sworn out a warrant against Miss Sallie Kime, who until recently was a clerk in the Concord postoffice, charging the opening of packages of mail. She was given a preliminary hearing at Concord Wednesday, before United States Commissioner G. A. Kestler, and waved examination. She gave $300 bond for her appearance before said commissioner, September 20th.

—The State Superintendent's office yesterday received notice of the carrying of an election to establish a special tax district at Sneed's Ferry, in Onslow county. The vote was close, the majority for the district being only four. Superintendent John E. Ray, of the Blind Institution, recently spoke at this place in favor of the tax. The total number of special tax districts in the State is now 299, sixty-eight districts having been added since the first of January last.

—The Farmers' Association of Cleveland county met at the court house Monday and from the way they talked out at this meeting it may easily be understood that the farmers of the county have come to the front with the distinct purpose of taking care of their interests in the future. Three warehouses will be built in the county, one at Shelby, one at King's Mountain and another at Lawndale. Cotton seed will no longer go for less than 25 cents, and the white beauty, the product of the September suns, must go for 11 cents or nothing.

—Kenansville correspondence: "Court opened against Monday for a week's civil term. The remainder of last week, Thursday, Friday and Saturdrey, being spent in the trial of Manuel Swinson, colored, for burglary, he being on trial for entering the home of Mr. Henry Carr, near Calypso, but the evidence was not thought sufficient to convict him, and he was acquitted. The regular civil docket was taken up. Judge W. B. Council is acquitting himself handsomely and making friends with the people, who always admire judges of his kind."

—Maxton graded schools opened Monday with the largest attendance they have ever had on the opening day. Prof. Webb, the new principal, seems encouraged at the prospect of a largely increased enrollment soon. The teachers are the same as last year, except that Miss Sallie McLean has resigned and Miss Katie Thompson was elected in her place. Mrs. R. M. Williams has resigned and Miss Bee Weathers has charge of the music department. Miss Bessie McNair is teaching for Miss Bessie McLean, who, on account of sickness in her home, is not able to take up these duties.

—The outlook seems to be good for the success of the Kelly Suspender Compender Company, which has been operated for some time at Carthage, Moore county, but which will be removed to Fayetteville, with an enlargement of the plant. Several prominent business men of Fayetteville have become stockholders, and a re-organization of the company has been made with the following officers: F. H. Cotton, president; C. J. Cooper, vice president; J. H. Judd, secretary and treasurer; V. E. Kelly, general manager. The enterprise will give employment to many women and children, and is one of the "littles" that go to make big results in manufacturing.

—Sampson Democrat: "Mr. Columbus G. Robinson passed away about 2 o'clock A. M., on Saturday, August 26th, at his home, Clear Run, and his mortal remains were interred on the following day in the family burial ground, in the presence of a large concourse of relatives and friends. Deceased was born in the year 1832; in 1847 he joined the Lisbon Baptist church, being baptized by the late Rev. Geo. Fennell. He later joined the Center Baptist church at Clear Run. He married Miss Nancy Robinson on February 14, 1856, who survives him, having lived together for almost 50 years in happy wedlock. There are only two surviving children, Messrs. U. L. Robinson, of Mt. Airy, and C. Ivey Robinson, of Clear Run."

—A dispatch from Greensboro on Wednesday says: Witness after witness is examined by the grand jury in the special term of the United States Court here and still there is nothing for publication in the proceedings. No presentments have been made and no one here seems to know what to expect. More than two hundred witnesses are here, most of them hailing from Wilkes county. Up to this evening not more than ten or twelve of them have been discharged. It has just leaked out that Assistant District Attorney A. H. Price and Congressman E. Spencer Blackburn engaged in a heated wordy altercation in the lobby of the Guilford-Benbow Sunday night. No blows were exchanged, but it is understood that the atmosphere was decidedly sulphuric for several minutes. The affair was kept quiet by the friends of the two men, but has been discussed quite freely to-day.

—Chinquepin correspondence, Duplin Journal: "A sad accident occurred here Saturday morning; Mr. Eli Lanier was fox hunting on horseback and after catching one fox and while in pursuit of another at full speed his horse suddenly stopped and threw Mr. Lanier sixteen feet ahead of his horse on his head and shoulders and severely bruising his face as well. He was seen to fall by someone near by and soon many gathered and carried him to a nearby residence. Dr. J. F. Laudon was called and every attention was given him, but he died in three hours after the fall. Mr. Lanier was a most energetic man and model, and most successful farmer, living on his farm on the east side of the North East river, four miles from Chinquepin, where he and a good dwelling house, tobacco barns, pack houses, etc., all well arranged. He was quite a genius and a very hard working energetic citizen."

—Charlotte Observer: Of the many gigantic enterprises under course of construction in North Carolina at the present time few exceed in magnitude that of the Thompson Pulp Company, which has just begun erection of a plant about five miles from Clyde, in the mountains of western North Carolina. To begin with the company has secured about 300,000 acres of mountain lands, great forests of balsam, the kind of wood that will be used in making the pulp. The greater part of this land is about 18 miles up Pigeon river from the site of the plant and the wood will be gotten down by a flume, 18 miles in length, which is now being built at a cost of something like $600 a mile. The factory, upon which work has already begun, will cover 20 acres of ground, and it will require a large force of hands 18 months to complete it. The motive power will be electricity produced by water power from Pigeon river, which has a fall of about 50 feet within two or three miles of the plant. The output of the factory will be enormous, 75 cords of wood being used daily. At first the pulp will be shipped to a paper mill controlled by the concern in New York, but it is very probable that in the near future a mill will be constructed near the pulp mill and the finished article of paper produced in this State. The plant and equipment will cost the company not less than $1,000,000.

THIS YEAR'S COTTON MUST BRING 11 CENTS

Southern Cotton Association Recommends That as Minimum—Crop Estimate of 9,588,133 Bales.

By Wire to The Morning Star.

Asheville, N. C., Sept. 7.—The Southern Cotton Association in convention at Kenilworth Inn tonight established a minimum price of 11 cents for the incoming cotton crop. This action was reached after a four hours struggle in the minimum price committee room this afternoon and a joint secret conference of that committee and the general committee tonight. It was a contest in which growers, spinners, manufacturers and brokers were involved and one in which the combined influence of all these elements was brought into play, in and out of the meetings which proceeded tonight's work. After the announcement of the estimate of the crop yield of 1905 and 1906, the fight narrowed down to two factions—one holding out for 10 1-2 cents, the other for 11 cents, notwithstanding the fact that an outside element clamored for 12 cents. Some of the growers this afternoon were inclined to the opinion that the unexpectedly short yield crop report would have a tendency to push the minimum to 12 cents, but it was known that these predictions would not be fulfilled when the price committee emerged from its caucus at 6:45 this evening.

"We have labored like a mountain and brought forth a mouse," said one of the committeemen to the Associated Press correspondent tonight, "the conservative element wins."

After the minimum committee made its report the association proceeded to take up routine business. It developed during the course of the evening that there will be no revision of the constitution of the association by reason of the fact that due notice had not been given.

President Jordan appointed Hickey, of Texas; Maxwell, of Louisiana; Brown, North Carolina; Love, of Arkansas, and Erwin, of Tennessee, to serve on the finance committee. The association before adjourning decided to accept the invitation of the citizens of Waynesville to visit that city Saturday.

An interesting feature with which to morrow's morning session of the convention will deal is the suspension of Vice President Peters of Texas, who although suspended by President Jordan with the telegraphic approval of a majority of the committee, two months ago for his alleged defense of the Agricultural Department at the time of the recent exposures of leakages in the bureau of statistics, still holds on to his title, if not the office. Mr. Peters declares he is still in office although the executive committee does not recognize his claim. The deposed vice president declares that he made no defence of the cotton speculators, but simply exposued the cause of Secretary Wilson, who, he says, was not to blame for the short comings in his Department. It is asserted by many prominent growers tonight that the association will undoubtedly sustain the suspension of Mr. Peters.

The summary of the cotton crop of 1905-06 as reported by the statistical committee is as follows:

Production 9,588,133 bales; per centage of condition as compared with last year 75.3, and as compared with the government's estimate of 72.1. The yield is regarded as exceedingly small, as from ten to ten and a half million bales was expected.

The estimated yield by States and the percentage of condition as reported by the statistical committee is as follows:

	Bales.	Percentage of Condi.
Alabama	1,021,639	74
Arkansas	619,466	70
Florida	54,019	69
Georgia	1,361,180	73

NEGRO BURNED AT STAKE.

Third Horror In Texas Within Last Few Months.

By Wire to the Morning Star.

Fort Worth, Texas, September 7.—A special to The Record from Waxahachie tells of the burning to-night of Steve Davis, a young negro who confessed to outraging Mrs. S. P. Norris, aged 20, last Saturday night.

A mob consisting of 3,500 persons tied the negro to a piece of gas pipe that had been set in the ground, piled fagots around him and set the mass on fire. The sufferings of the negro were of short duration, owing to the fierceness of the fire, which was fanned by a gale of wind.

The husband of the woman is said to have set the match to the timber and started the blaze.

Davis was arrested last Tuesday and taken before the woman who at that time was not sure it was him. She had been desperately ill from her ordeal. To-day he was again taken before the woman who on sight of him fainted. When she recognized him his fate was sealed. The negro finally confessed, detailing the crime.

This is the third negro that has been burned in this section of Texas within a short time. One of these was lynched at Sulphur Springs and another at Waco.

GEORGIA IS QUARANTINED.

State Board Puts Quietus on Atlanta Board.

Atlanta, September 7.—Georgia's State Board of Health late this afternoon issued a proclamation quarantining the entire State against all yellow fever infected points. The quarantine will become effective as soon as inspectors can be placed on trains entering the State aand the order is likely to be in full operation to-morrow. Certificates showing that the person entering the State has not been in infected territory within the preceeding ten days will be accepted. It is not likely that this quarantine will be strenuously enforced for a day on two and those who have started before the action of the board can be made generally known are not likely to be seriously inconvenienced.

MARTIAL LAW IN JAP CAPITAL

Populace Gone Mad Over What Is Considered Humiliating Peace Terms

KOMURA'S PALACE WAS FIRED

Occupants Fled Under Police Protection—Mob Stoned Americans In Streets—Killed and Wounded Nearly 600.

By Cable to The Morning Star.

Tokio, Tuesday, September 5.—7:00 P. M.—(Delayed in transmission.)—Serious rioting followed the attack today on the office of the Kokumin Shimbun, the government organ. A mob attacked and set fire to the official residence of the Minister of Home Affairs which stood between the Nobles' Club and the Imperial Hotel, and faced Hibaya Park, which was the storm center throughout the day. Threatening demonstrations occurred in the neighborhood of the official homes of Premier Katsura and Baron Komura, Foreign Minister, who is now in the United States, but the police succeeded in preventing injury to the occupants or damage to the houses.

The attack on the minister's residence was intensely dramatic. Throughout the day a series of demonstrations occurred in the neighborhood of the building and late in the afternoon the mob attacked the house, swept the police away and battered down the gates. The police and servants resisted stoutly, but the mob surged forward and entered the house. One of the mob leaders carrying an armful of burning straw gained the rear of the structure and succeeded in setting it on fire. The police reserves charged the crowds, using their swords freely, but the mob rallied from several quarters and stoned the firemen when they arrived. The members of the minister's houshold were rescued and escorted to the Imperial Hotel. When drakness came the flames from the burning building illuminated a menacing scene, the mob hooting and throwing stone at the police and firemen, and the police repeated by clearing the streets.

Another demonstration is planned for September 8th, and it is believed that the strongest measures will be necessary to prevent serious rioting and bloodshed.

A member of the mob which burned the Home Minister's residence said to the correspondent of the Associated Press:

"We burned the house for the purpose of attracting the attention of the Emperor. We want him to refuse to ratify the treaty. We believe those surrounding him prevent him from correctly understanding the popular attitude toward the disgraceful, humiliating peace."

American Party Assaulted.

Tokio, September 6.—(Delayed in transmission).—The Harriman party had an exciting experience last night while attending and returning from a dinner given by Baron Sone, Minister of Finance. Dr. W. G. Lyle and J. C. McKnight were caught in a crowd on their way to the dinner and were stoned, Dr. Lyle being struck by a missile and slightly hurt. After the dinner was over a detachment of soldiers escorted the party to the legation. A crowd stopped R. P. Schwerin, vice president of the Pacific Mail Steamship Company, and assaulted his runners, but they did not touch Mr. Schwerin.

Crowds menacing a neighboring police kiosk filled the space in front of the American legation and hooted and jeered the soldiers escorting the Harriman party, who with fixed bayonets, charged the crowd, cleared the street and guarded the legation throughout the night.

The dinner planned for to-night in honor of the Harriman party will not take place, owing to the disturbed conditions in the city.

Police Stations Wrecked.

Tokio, September 6.—7 A. M.—(Delayed in transmission.)—The destruction of small police sub-stations continued until midnight. It is impossible to ascertain the exact number destroyed, but it is estimated that fifteen were wrecked. The mobs generally prevented damage to adjoining private property by dragging the police kiosks into the middle of the streets before applying the torch.

Shortly after midnight another attempt was made against the Kokumin Shimbun offices, but the police dispersed the attackers, killing one of the assailants. The fact that the man was cut in the back angered the crowd which demanded the arrest of the policemen. Detachment of national guards mobilized on account of the war, were called out during the night. The crowds received the soldiers good naturedly and cheered them. The principal duty of the troops was the protection of the police.

The anger of the crowds was chiefly on account of the closing of Hibaya Park and the denial of the right to publicly meet in the park, which is under the charge of the municipality. After the park was closed yesterday, the mayor and council met immediately and protested to the government and insisted that the park be re-opened. It is now claimed that all the turbulence resulted from the indiscreet closing of the park. Students and young street rowdies semed to be the largest participants in the disorder of the night. The firemen succeeded in saving the main structure of the Home minister's residence. Only the outbuildings were destroyed.

It is impossible to secure accurate figures of the casualties. The Jiui estimates them at two dead and five hundred wounded, in all, including those seriously and slightly wounded, among whom are 200 policemen. The wounds are mostly slight sword thrusts and bruises made by stones.

Vengeance Against Newspaper.

Tokio, Sept. 7.—Noon—The only serious disturbances this morning was the partial wrecking of a printing office which was assisting the Kokumin Shimbun to publish its edition of today. A crowd of people attempted to enter Hibaya Park, but the soldiers prevented them. Some fighting resulted. The police are being withdrawn or being kept in the back ground because of the fact that they have fallen into public disfavor, the soldiery and gendarmes are performing guard duty. Soldiers are guarding the foreign legations. Apparently the outbreak is not due to anti-foreign sentiment but the government is anxious to prevent injury to any of the legations or members of the legations. Foreigners, however, who are caught by the mobs are roughly used.

Four People Killed.

Tokio, Wednesday, Sept. 6.—3 P. M.—The city continues quiet. There are small crowds of people around Hibaya Park but no further trouble has occurred. The offices of the Kohumin Shimbun continue to be beseiged. The doors and windows are barricaded. Lines of police closed the entire block and heavy police reserves are within call. A detachment of mounted gendarmes is stationed in front of the Foreign Office prepared to meet emergencies in the disturbed district. About the government buildings the military display is inconspicuous. A few sentries are patrolling the front of the buildings and the official residences of the Ministers. The main forces of the military are concealed.

An irritating feature of the situation results from the continued failure of the government to inform the public of the exact results of the Portsmouth conference. Not a single feature of the negotiations has been communicated officially to the people. The result has been much popular resentment, the people arguing that they fought and paid for the war and are entitled to know the results.

About two hundred arrests have been made since noon yesterday. The police captured eighty of those who were engaged in the attack on the Home Minister's residence.

It is now reported that four persons were killed.

THE YELLOW FEVER RECORD YESTERDAY

Total Cases In New Orleans to Date 2,177 Cases and 304 Deaths—Fever Elsewhere.

By Wire to The Morning Star.

New Orleans, September 7.—The following is the official report of the yellow fever record in New Orleans up to 6 P. M. to-day:

New cases, 35; total cases to date, 2,177.

Deaths, 6; total deaths to date, 304.

New foci, 9.

Cases under treatment, 308.

Cases discharged, 1,546.

There are several names in the list of new cases to-day which are out of the ordinary. One is Father Green, of the Jesuits college, and another is Sister Emily the superior of the Hotel Dieu, a private sanitarium conducted by the sister of charity and in which has been quite a number of cases of fever. George W. Nott, Jr., son of the president of the Citizens' Bank, is another case. There is a case reported from a revenue cutter, lying at the foot of Egania street near the United State barracks.

Among the reports from the country, Leeville's total to date 325, deaths 33, now under treatment. 92; discharged, 200. Patterson. 8 new cases. Tallulah, 16 new case. Kenner, 2 cases, one death. Hanson City, 4 cases. Vicksburg, 3 cases. Natchez, 1 case. Gulfport, 3 new cases.

More Fever In Mississippi.

Jackson, Miss., September 7.—Two suspicious cases of fever were reported to the State Board of Health today, one in Sharkey county, traced directly to Vicksburg, and the other at Corinth in the extreme northern part of the State. Dr. G. M. Guiteras is now en route to Corinth to make a diagnosis.

The Sharkey county case will be diagnosed to-morrow. Vicksburg reports three new cases to-day, making a total of eighteen and one death to date.

Gulfport has three new cases, one in the detention camp. One new infection at Mississippi City, Hansboro and Pearlington.

Vicksburg, Miss., September 7.—Two new cases in Vicksburg and one in Fostoria, a suburb from the yellow fever record to-day. The thirteen patients under treatment are doing well.

Natchez, Miss., September 7.—A new case of yellow fever was officially reported at 7 o'clock to-night, the patient being a negro man. The case makes a total of four foci.

Pensacola, Fla., September 7.—No new cases of yellow fever developed in Pensacola to-day, although it is expected that before morning at least two of the five suspicious cases will develop into the fever. The number of doubtful cases showed a large increase, but as yet all are confined to the original infected district.

Dr. Gonzales, who made remarks about the non-existence of yellow fever saying the doctors here were reporting it only for the purpose of graft, was sent up for thirty days in the city court to-day, but sentence was suspended during a period of good behavior.

DISPENSARY ROTTENESS.

Revelations Made at Investigation at Sumter, S. C.

Sumter, S. C., Sept. 7.—Sensations were the rule today at the dispensary investigation hearing. Blanding, the beer dispenser here, told the committee that he had informed the representative of a certain Kentucky distiller that he would like to order export beer through him, but the representative told him that he could not sell beer in this State as the board of directors wanted too much "rake-off." He said that they demanded about one dollar a barrel, or $74 a carload.

E. Smith, former dispenser at Maysville, testified that the seller of a certain brand of beer in 1900 told him that the dispensers should push that brand as his people would put up $5,000 to support L. J. Williams should he run for governor.

A Spartanburg witness, formerly a representative of a newspaper there said that he was in Columbia during the week of the buying from the various liquor drummers. He testified that the week was "one big drunk." The whiskey drummers kept "open house" in the various hotels. All would sample various brands of liquor and soon no one would know what he was sampling. In this condition the board members would place their orders. The witness testified that he had secured a position as clerk of the board for a friend but the latter resigned after one month saying that the "temptation was too great."

La Matenzi, Manchuria, Wednesday Sept. 6.—The result of the Portsmouth conference was officially announced to the Russian forces here today. The army here is still without official orders from St. Petersburg to cease its war-like activities and the situation is intense. The soldiers are awaiting for an armistice to be declared and they cannot understand how Russia can talk of peace while the Japs continue reconnaissances in force and outpost engagements. The fighting of September 3 in Korea cannot be understood here.

AWFUL CARNAGE IN THE CAUCASUS

The Tartars Butchering Terror Stricken and Helpless Inhabtants and Burning Cities

PEOPLE THROWN IN FLAMES

Thousands of People Slain and Authorities are Powerless Troops and Tartars Do Desperate Fighting.

By Cable to The Morning Star.

Tiflis, Caucasus, September 7.—The manager of the Mantashoff Company telegraphs from Kaku that the Bibiebat plants have been burned out, that the depots of the Caspian Company have been destroyed and that Christian workmen are surrounded by thousands of armed Tartars. All the spirit distilleries and silk weaving works in the district of Shucha have been burned by Tartars. Part of the workmen succeeded in escaping to the mountains. The remainder were killed. Orders have been given to send wheat to Shusha to relieve the starving. The town of Tiflis is full of refugees from Baku, who have abandoned all their buildings. A deputation from the great pertoleum works has asked military protection for twenty-five million pounds of bustible liquids contained in the reservoirs at Baku.

Thousand Killed or Wounded.

Baku, September 7.—The principal fighting is not in Baku itself but at Balakhan, where hundreds have been shot by the infantry and artillery, and where 1,000 were killed or wounded during a desperate attack on the military camp and provision depots. The troops sustained sever casualties. A large number of workmen barricaded themselves in the Balakhan hospital. The soldiers began the attack with rifle fire, and then stormed the hospital and completed their work with the bayonet.

Soldiers Surrounded by Tartars.

St. Petersburg, September 7.—The desperate condition of affairs at Baku is shown by a telegram from the governor of Baku, who has sent an urgent dispatch to Tiflis saying that his troops are surrounded by Tartars, and will inevitably be overwhelmed unless immediately relieved.

People Terror Stricken.

Baku, Caucasus, Sept. 7.—The situation here tonight shows no signs of amelioration. It could hardly be worse. The terror-stricken inhabitants are fleeing from the city, knowing that the garrison is utterly inadequate to protect them; and, although the worst scenes of fire and massacre have not yet occurred in Baku itself none dare think how far the excesses may proceed. The entire oil and commercial quarters of Baklahan, Sabunto and Nomani have been wiped out by fire and the inhabitants remaining behind were massacred and thrown into the flames. Bibiebat continues to burn and is threatened with the same fate as Baklahan.

The consulates, banks and administration buildings in Baku are guarded by troops. All of the English residents, and almost all other inhabitants of the better class have boarded ships and gone to sea to escape from danger. All available steamers have been employed for this purpose.

Martial law has been proclaimed in the city. Nobody is allowed on the streets after 8 o'clock at night, and inhabitants of houses are held strictly responsible for shots fired from them. Artillery was employed against one house from which shots were fired. The walls were breached, the house was stormed and all the people inside were killed. There is a general panic in the city.

Butchery is Frightful.

St. Petersburg, Sept. 7.—7:30 P. M.—The authorities of the Caucasus would seem to have been taken completely by surprise by the magnitude of the tartar rioting. There is not the least doubt that it had long been planned and carefully organized and is connected with the separatist movement. The officials of Tiflis say they have unmistakable proof that the revolt has been fanned by Turkish emissaries and agitators bearing a green standard who are raising the whole country. The Tartars, the officials add, intend laying a regular siege to Baku, Shusha and other places. They have laid many villages in ruins and have pitilessly massacred the inhabitants.

Unless sufficient troops are available to promptly suppress the outbreak in the Caucasus, which the news from Baku would show not to be the case, the whole of that part of the country will be devasted and the population of the towns and villages butchered. The situation is viewed in St. Petersburg with the utmost alarm. The managers of the oil works at Baku despairing of the arrival of reinforcements of troops, have telegraphed direct to the Emperor. The latest dispatches from Baku give gruesome details of the carnage. No quarter was asked or given by the insurgents or troops. In the suburbs of Baku the flames were spread by a high wind, one burning building after another collapsing. Pillaging and murdering have been going on everywhere.

In various parts of the Caucasus bands of peasants have organized against the nobles and are invading their domains and seizing all the fire arms.

KOMURA AND SECRETARY ROOT

Japanese Statesman Says Mikado Will Ratify Peace Treaty.

By Wire to The Morning Star.

New York, Sept. 7.—Baron Komura said today that his coming interview with Mr. Root, which he expected would occur in New York city either Friday or Saturday this week, would be purely a formal exchange of courtesies and that their meeting had no other object.

Baron Komura reiterated his opinion that the disturbances in Tokio were directed against the local branches of the government.

WARM WIRELETS.

Lee P. Johnson, of North Carolina, was yesterday admitted to the United States Naval Academy as midshipman.

Wallace W. Hunter, former city treasurer, of Norfolk, shot himself through the head in Elmwood Cemetery yesterday afternoon and died at St. Vincents Hospital last night. Ill health is supposed to have caused the act.

The Salisbury Evening Sun was yesterday placed in the hands of a receiver upon application of William L. Gepper, manager of the publication. P. S. Carleton has been named as receiver and the publication of the paper ceases to-day.

Morgan H. Beach, former United States district attorney for the District of Columbia, was yesterday appointed a special assistant to the Attorney General, to conduct the cases involved in the cotton leak investigation in the Department of Agriculture.

Dr. Menees, Sr., one of the best known physicians in the South died at his home in Nashville, Tenn., yesterday aged 83. Dr. Menees was a member of the Confederate Congress and had been a professor in the Medical Department of several Southern colleges.

Fast passenger train No. 321, westbound, on the Pennsylvania Railroad, ran into a party of five workingmen at Homewood station, near Pittsburg, early yesterday. Three men were killed outright and the three others were seriously injured, one fatally. The men were standing on the track awaiting a train.

With hundreds of sportsmen arriving in San Francisco daily to see the fight Saturday afternoon at Colma between Jimmy Britt and Battling Nelson, a referee had not been decided on up to last night. It is thought that James Jeffries will be referee in spite of objections raised by Nolan, Nelson's manager.

The sugar syndicate which was organized in Mexico City several months ago, after the collapse of the previous sugar monopoly, is now estimated to have practically cornered seven-eighths of the existing supply. The present effect of the organization on the market is a rise in the price of the product of some 25 per cent.

Near Cascade, Ga., Wednesday evening two negroes held up and robbed Thomas Lamb, a farmer living near Cascade, Ga., relieving him of $1,400. One thrust a pistol in the farmer's face while the other went through his pockets. The money, which was in two pockets, they took, and still keeping Lamb covered with a revolver effected their escape.

A special from Tracey City, Tenn., says the larger portion of the Third Tennessee Regiment will start for home today. A detachment will remain, sufficient to meet any ordinary emergency and will maintain a camp to accommodate 1,000 men. The regiment has been there since August 28, when it was ordered to Tracey City in anticipation of a riot connected with the opening of the coal mines there.

At Asheville yesterday afternoon Floyd James, who was arrested Tuesday on the charge of having murdered his brother-in-law, James Daugherty, was discharged after a preliminary hearing by Judge Jones, of the Criminal Court, who found that there was no case of probable cause against the accused. James was jailed by the local police authorities who acted on evidence adduced at the coroner's inquest whereat a verdict of murder against unknown persons was returned. Daugherty was found dead in James' boarding house Sunday, August 27.

A REVOLTING AFFAIR.

Inquiry Into Alleged Beating to Death of Insane Man.

(Special Star Telegram.)

Raleigh, N. C., September 7.—To-night Coroner Jordan made public the evidence, ten columns long, at the inquest of Nall. The feature is the evidence of Dr. Turner, county physician of Chatham, who, at the direction of Coroner Jordan, held two autopsies, in Chatham and at Raleigh. He said he found extensive bruises on Nall's hips caused by repeated blows; a scalp wound on the side of the head, two inches long, made with some blunt instrument; and upon removal of the hair from the scalp a mass of coagulated blood down the rear of the skull. Inside the skull was a blood clot from the top nearly to the base, this causing death by compressing the brain. The expert who embalmed Nall's body said he only cleared up the face and hands with fluid and injected some in the side of the head where the wound was. He did not examine Nall's hips at all. Superintendent McKee, of the Hospital for the Insane had telephoned him Nall had died from over exertion in running and directed him to embalm the body.

The council met in special session this evening to consider matters growing out of the death of Nall at the State Hospital. Superintendent McKee of the hospital was present upon notice. It was decided to ask him to call a meeting of the hospital to consider the matter. He expressed his willingness to do so and accordingly calls then to meet next Wednesday to make a thorough investigation.

RAILROAD ABSORBED.

Southern and Illinois Central Scoop Tennessee Road.

By Wire to The Morning Star.

Nashville, Tenn., Sept. 7.—According to what is considered good authority, the Illinois Central and the Southern Railway are to take over the Tennessee Central railroad, dividing the line at Nashville and giving these two roads an entry to the city. It is understood that the Tennessee Central is acquired under a 99 year lease. Under the provisions of the deal it is said the Illinois Central gets that portion of the road between Nashville and Hopkinsville, Ky., 85 miles, and the Southern is to operate the eastern division of the main line from Harriman Junction, Tennessee, 165 miles, as well as 47 miles of the branch lines.
